Dr. Daniel L. Oakley  
Superintendent

July 6, 2018

Dear parents/guardians:

It is that time of year again! Believe it or not, school is just around the corner. In just a little over one month school will be back in full swing. We are looking forward to seeing your child(ren) again or for the first time!

Registration for the 2018-2019 school year is approaching rapidly. Registration can be accomplished through two different methods: traditional in-person registration; and online through the district's Parent Portal.

1. We highly encourage parents who are familiar with the district's Parent Portal to register through the Parent Portal at home. The portal will be open for registration on July 10, 2018. Parents who register through the Parent Portal may also pay fees via the website and credit card, if so desired, alleviating the need to go through onsite registration. (Please note – there is NO requirement that fees be paid at the time of registration. Parents may either pay while registering online, may pay later once school starts, or may set up a payment plan with the building secretary.)
2. Those who are unfamiliar with the Parent Portal or who prefer in-person registration can attend traditional registration at the high school on Thursday, August 2, 2018 from 10 am to 6 pm. Once you arrive, you will be given instructions to log on to the Parent Portal and able to use a school computer to complete registration. Help will be available if needed.

A few additional registration notes:

1. Returning students who are Direct Certified for free and reduced lunches by the state of Illinois are NOT required to be physically present for registration. We already have your Direct Certification information from the state.
2. New students to the district must be registered in person.
3. A copy of the registration fees are included with this letter for your convenience.
4. High school counselors will be available at in-person registration for any high school students needing to make schedule changes.

If you have any questions regarding registration, please call your school's office for more information.

Sincerely,

Dr. Daniel L. Oakley  
Superintendent
